Address:

Price: **60.00 \$**

For sale is an older and very large fish seine/net. It is probably 20-30 years old but not been used a great deal. Like the title says, it is approximately 140 feet long and 10 feet tall. It has 56 floats along the top spaced approximately every 30 inches. The net is 2 inch mesh I believe and is in pretty good shape. The last 20 feet on one end has several patched spots and either needs re patched or taken off. Either way would work.

Other than that there are very few other spots that were patched, all very small and in good shape. So there is a very good 120' and the rest is useable with a little work. Also included are a couple ropes that were used with the seine each about 60 feet long. It is all in a 55 gallon cardboard barrel that can be included if wanted.

\$60 obo. Call 573-535-8675 for more information or questions. thanks.
